

Cheer total to the end of July 2017: 161214 bits so ~\$1612.14

An important note: in early March DSP enabled "tipping" aka direct PayPal donations. These obviously aren't noted in chat & might only be noted on video if they occur during a stream.

No way to track them reliably so this means DSP is taking in more than it appears.

After someone used a streamlabs cheering emote in March 2017, doing some research I found out beyond cheer/kappa/kreygasm/swiftrage there's also streamlabs & muxy ones: <http://i.imgur.com/B21oNRQ.gif>
I have checked through all logs to this point & I've missed none of these cheers.

First sign of custom cheermotes on 20170526:

[12:29] <deadshot_robin_player> trihard10 Why is your headset mic down, my dude? Bonus meme: YEE

[20:29] <smartweirdo95> mrdestructoid100 mrdestructoid100 mrdestructoid100 mrdestructoid100
mrdestructoid100 phil i have 5 hoes, but i only need 4. how do i decide which one to get rid of?

Fortunately with the following "bits=####" searching method they didn't slip through.

20170525 <https://blog.twitch.tv/moar-cheermotes-out-now-b7644b3f6af6> "Introducing the seven new Cheermotes" "4Head, PJSalt, MrDestructoid, TriHard, NotLikeThis, FailFish, and VoHiYo."

I have checked through all logs to this point & I've missed none of these cheers.

Thanks to my alternate client needed to log resubs, I can confirm that these cheers went through by checking for a "bits=####" portion. Example for the first cheer for 10 bits:

[13:28] <josephgerbilz> cheer50 "Power stance" is a feature unique to DS2 i think it would be cool to do like power stance maces build for this playthrough

[15:24] <sensationalmedia> cheer100 It's cool Dave. I think you should play the game however you want to play it.

[16:32] <ieatassanditsdelicious> cheer100 You are almost there Stanley! Don't give up. Those rapiers are badass by the way.

[16:38] <darthradovanviking> Nice one cheer100

[16:40] <ieatassanditsdelicious> cheer100 Good job killing the dragon Stanley. Those powerstanced rapiers are awesome. They are pretty much the BKH of DS2.

[16:46] <kingjezal> cheer100 That ring is perfect for you. A counter attack is an attack that hits an enemy in the middle of their attack animation. Nothing to do with parrying. It's perfect for you because you have rapiers.

[16:50] <ieatassanditsdelicious> cheer50 I don't understand all the detractors. I think they are pissed that you are rolling all the bosses. Iron Keep is gonna suck though.

[16:55] <ieatassanditsdelicious> cheer50 Phil if you powerstance the maces or clubs, you can stunlock enemies. They have insanely high poise damage that can stunlock most enemies, even the big ones. I think the damage is also higher.

----- #DARKSYDEPHIL 20170706-02 CRASH 3 4TH.LOG

[19:54] <isukfartsoutofaskunksass> cheer50 Phil I also wanted to add that if you spend 10,000 souls at merchant hag she will give you the serpent ring +2 for 20% extra souls. Combine that with the Jesters gloves from the NPC at Iron Keep and you will get 32% extra souls.

[19:57] <flyeaglesfly01> cheer200 Really happy with the growth of the Twitch channel. Followers going up and lots of new people coming to the streams. Good stuff

[19:59] <isukfartsoutofaskunksass> cheer50 Do you think you will be playing Bloodborne again? That was probably one of the coolest game by FromSoft. The new builds that you are doing are pretty good.

[20:04] <isukfartsoutofaskunksass> cheer50 I also saw you have the ring of blades on. If you decide to stay with that one, you can kill a pursuer enemy in the same arena right after you kill the Smelter Demon. It drops the +1 version that does almost double damage.

[20:17] <the_archduke45> cheer10 Are you gonna check out Spider-Man Homecoming on your time off? Just saw the movie, it's fucking great.

[20:20] <isukfartsoutofaskunksass> cheer50 Hey Stanley, here is a fun fact about Crash Bandicoot. It was the first game to have dynamic difficulty adjustment meaning that there would be more hit points and checkpoint boxes if you were dying a lot.

[20:31] <isukfartsoutofaskunksass> cheer50 Here is another fun fact about Crash. His girlfriend in the first one was based on Pamela Anderson but they decided to remove her from the sequels due to the sexual undertones. By the way Phil, I just call people random names sometimes. It's all in good fun Archibald.

[20:41] <isukfartsoutofaskunksass> cheer50 Here is another fun fact about Crash. The boxes in the game were added at the end of development. They did it to add more complexity to the game since it was very simple beforehand. That was also how he ended up with "Crash" in Crash Bandicoot. Also, someone said to ask about cheese deluxe. I searched your videos on YouTube but didn't see anything. What is that supposed to be?

[20:42] <teamguardanator> cheer10 There 3 man in a boat and 4 cigarettes. They don't have a lighter. How do they smoke? They toss one cigarette over board to make the boat a cigarette lighter.

[20:43] <hyperior21> cheer10 Fun fact: Did you know that during the game's development the developers used data from Sonic the Hedgehog and rotates the camera, so it would be facing Sonif

[20:44] <hyperior21> cheer10 Basically, Crash was referred to as Sonic's ass game because the camera wasn't rotated to be behind Sonic

[20:47] <jack_spartacus> cheer50

[20:48] <flyeaglesfly01> cheer100

[20:50] <hyperior21> cheer10 In this stage, barricades are placed on front of the holes since you can't see them ahead of time.

[20:51] <rio2rockz> cheer10 Father's day, the most confusing day in the ghetto. Why is there cotton in pill bottles? To remind black people that they were cotton pickers before drug dealers.

[20:54] <isukfartsoutofaskunksass> cheer50 Time for another fun fact! The Aku Aku, aka OogaBooga was named after a restaurant in Boston. One of the developers, Dave Baggett said it had a giant tiki statue out front and the food pretty much sucked ass. Also, I see everyone else is trying to do fun facts but they are failing hard and are just saying stupid stuff.

[20:54] <jack_spartacus> cheer20

[20:55] <flyeaglesfly01> cheer200

[20:59] <boogiejeb12> cheer10 Hey DSP, great joke for you, you're going to like this one/ Why can't Stevie Wonder read? It's because he is blind.

[21:01] <isukfartsoutofaskunksass> cheer50 Here is the last fun fact for Crash. People were debating what the Wumpa fruit tasted like in a Quora discussion board. The developer Dave Baggett settled the debate and said they taste like apples. Also, in response to the other chatters, I am sprinkling GNAWLEDGE on you guys like Tai Lopez!

[21:06] <iceposideonfan> cheer10 What's the difference between a baby and a washing machine? A washing machine doesn't cry when you drop a load in it

[21:07] <darthradovanviking> cheer50 you know the difference between Jam and marmelade phil?

[21:08] <darthradovanviking> cheer50 you can't marmelade your dick up someones ass

[21:09] <chrisiscooled> cheer50 Hey Phil, The Cheese Deluxe will return (I am so sorry, But this inside joke continues on

[21:18] <boogiejeb12> cheer40 An old car engine starting: vvvvvvvvvv

[21:22] <isukfartsoutofaskunksass> cheer50 Phil here is a general fun fact. You should watch "Here In My Garage" on youtube. There is also some great parodies. Tai will drop a lot of GNAWLEDGE on you. He is infamous for standing next to 7000 books in his garage with a Lamborghini next to him. "Here is my garage, just uh bought this new Lamborghini here, but you want to know what I like a lot more than materialistic things? GNAWLEDGE!"

[21:22] <chrisiscooled> cheer15 also Phil, Have you heard of the Roy and Furio story?It has one of the most insane villains of all time Jerry Kneebis, Whos partner is Simon Thaur

[21:24] <hyperior21> cheer10 You can't do the gems without the secret level

[21:25] <chrisiscooled> cheer10 Also, Your on fire tonight man, I suck at these games lol

[21:25] <isukfartsoutofaskunksass> cheer10 If you guys want to read a good book, read Twilight. It will teach you how to be very romantic.

[21:27] <isukfartsoutofaskunksass> cheer10 You guys should also watch 50 Shades of Grey. It is a great movie to teach everyone about bondage.

[21:28] <isukfartsoutofaskunksass> cheer10 Hey Phil, we are just having some fun in chat. It is late in the night and we gotta get some laughs in somehow lol.

[21:29] <tantamounter> cheer50

[21:32] <isukfartsoutofaskunksass> cheer10 You guys want to see some funny stuff, go to youtube and watch plumbing fail videos. There is videos of people breaking pipes and shit spraying all over the place.

[21:32] <chrisiscooled> cheer15 if you all think twilight is bad you havnt seen Hick, The one starring chloe grace moretz, Thats shit is just scarring

[21:36] <isukfartsoutofaskunksass> cheer10 For some reason, I just thought of the scene in Along Came Polly

where Phillip Seymour Hoffman walks up to Ben Stiller and says we gotta go, I just sharted. That is the worst thing to happen out in public.

[21:43] <isukfartsoutofaskunksass> cheer50 Why did the skeleton burp? Because it didn't have the guts to fart.
[21:43] <chrisiscooled> cheer10 Also, just so you dont think i am some insane arkham asylum crazy, the cheese deluxe reference is from your GTA LIBERTY CITY STORIES PLAYTHROUGH in which an npc repeatedly says "I've got a date with a cheese deluxe" and you repeat it at one point in time, It has since been an inside joke between me and a friend

[21:44] <hyperior21> cheer10 You are so close and will likely beat it in one more session.

[21:47] <isukfartsoutofaskunksass> cheer50 What kind of a car does a proctologist drive? A brown Probe!

[21:49] <hyperior21> cheer10 I meant unlock the secret ending. If you 100% all 30 main levels, you will get the true ending after you beat Cortex.

[21:51] <hyperior21> cheer10 The Sapphire relics give you lots of lee way. You can afford to wait for the water to go down.

[21:55] <darthradovanviking> cheer200 nice try dr. phil nothing you could do

[21:56] <isukfartsoutofaskunksass> cheer50 Hank Hill and Bobby were driving around the countryside when they ran over a skunk. "We better take the skunk to the vet, Bobby. Just put the skunk between your legs to keep it warm." "But, Dad, what about the smell?" "Don't worry, Bobby. The skunk will get used to it."

[21:56] <chrisiscooled> cheer100 Last post of today, Love your content, but I would really Like a shoutout to my bro Jake and his wife Stef if you can, they love you just as much as me, Keep being you, Phil

[21:57] <hyperior21> cheer10 If you 100% all thirty levels you unlock the secret ending.

[21:58] <darthradovanviking> cheer200 another cheer your gaming have been really awesome today phil.

[21:58] <hyperior21> cheer10 That's the one that you needed all the coloured gems for.

[13:26] <planetjeff2> cheer1000 - Phil - loved your RDR playthrough - also saw the original. Guys, if you haven't seen it, the last few videos are especially entertaining!

[13:26] <lowtiergd> cheer80 Phil that was a very inspiring story about your nasal drip, but that still doesn't explain your g(ó)ut or constant belching. also i fucked the shit out of pandalee and filled her with my black seed. #pigroach get that ass banned

[13:29] <isukfartsoutofaskunksass> cheer50 Hey Gordo, hope your day is going well. Here is the fun fact for the day. Miyazaki is a huge fan of Harry Potter. The Dukes Archives and moving staircases were based off of Hogwarts. Also, underneath the onion armor, Sieglinde's face was modeled after Hermoine.

[13:30] <darkgoutphil> cheer10 what i was gonna say was that i fucked the shit of leanna and filled her with black seed also u have g(ó)ut take my 10 cents idc

[13:32] <zodiacbrave12> cheer10 Sorry to bother you again but would you consider an attempt at Final fantasy 14 in a similar fashion to your WoW marathon? 14 is pretty hard to troll in

[13:36] <shadowdanman1000> cheer10 Hey Phil, enjoying the stream lately, just wanted to know if you plan on continuing Kingdom Hearts seeing as your girlfriend is gone and won't insult your fans for it. I really enjoyed that series! Thanks from a loyal fan.

[13:37] <zodiacbrave12> cheer10 sorry to bother but FF14 has better trolling protection with multiple chat boxes, no speech bubbles, a blacklist and also the ability to boost to lvl 60. I understand your view though :)

[13:51] <bingbongdingdong7> cheer10 But Hole

[13:52] <akioartorius> @DarksydePhil Careful not to repeat your mistake in DS2 with the blacksmith. cheer15

[13:52] <isukfartsoutofaskunksass> cheer50 Last fun fact for the day. It isn't widely known that DS1 is a spiritual successor of King's Field from 1994. Unlike DS, it places players in a first-person perspective. The largest connection that King's Field has to the Souls games is Seath the Scaleless, who appears in King's Field as Seath the White Dragon, a good guy at that time. Seath's transition from good to evil occurred because he was driven insane during his research on the Scales of Immortality, which he could never obtain.

[13:53] <hippostabber> cheer20 dont read this

[13:55] <zodiacbrave12> cheer10 final message for me phil as i'm about to pass out but i'm sorry for pushing the FF14 thing but if you are totally unsure there is a free trial that lasts until level 30. Now to pillowland! vohiyo1

[14:16] <isukfartsoutofaskunksass> cheer10 Phil you will need the fang key. Use a Fragrant Branch of Yore on the petrified Lion Clan Warrior to the right across a tree-bridge near the Shaded Ruins Bonfire in Shaded Woods. Killing the Lion Clan Warrior after unpetrifying him will give you the key.

[14:27] <isukfartsoutofaskunksass> cheer10 Phil you will get a branch of yore once you kill the scorpion boss and then talk to Tark again.

[14:28] <kingjezal> cheer100 Discover him in two other locations, and the mini-dungeons are unlocked, and eventually, Darklurker.

[14:31] <isukfartsoutofaskunksass> cheer10 You can also get an extra branch from the merchant hag for 12,000 souls.

[14:35] <darthradovanviking> cheer50 @Derichloveslemur is asking what the name of those enemies with googly eyes are called?

[14:36] <isukfartsoutofaskunksass> cheer10 You are coming up on a bonfire as well as an annoying rat boss. Down further is the gutter where one of the great souls is at.

[14:40] <isukfartsoutofaskunksass> cheer10 This rat boss is similar to the deacons in DS3. Only one of the rats is the boss, the rest are just minions.

[15:51] <thatanonymouse> cheer100 Helter Smelter time
[15:54] <greateststorynevertold> cheer10 For future reference, in order to get the double pursuers boss fight, you have to burn a 'bonfire ascetic' at the first bonfire in Drangleic castle...might not make the streams the rest of the week thought id tell you now
[15:54] <skyclawb43> cheer10 Yo Phil. The free dom chat is talking about how they were responsible for the false copyright strikes. I scrolled up in their chat and one of their leaders, Eddy, has the draft email that he had each of the free dom chat members proofread. This is fucked up man.

[16:58] <kingjezal> cheer100 If you go to the Last Giant boss room, there is a door you can now unlock, and you can get the Flame Quartz Ring for resistance.

[12:37] <griffinbox> cheer100 There is a new game out called Disney Afternoon collection that has Ducktales, Ducktales 2, Talespin, Darkwing Duck, Chip & Dale 1 & 2. That would b a good downtime playthrough

Good luck since you're a melee build!

[12:49] <griffinbox> cheer100 hes jamming to talespin on the toilet

[13:06] <isukfartsoutofaskunksass> cheer10 Oh shoes, Phil! You are making some good progress. Here is the fun fact for the day. The King's Ring keeps the statues in Drangleic Castle from awakening.

[13:09] <thatanonymouse> cheer10 rusted coins improve item discovery, it's a consumable item

[13:09] <royalfan121> cheer100

[13:12] <kingjezal> cheer100 The vendor in Iron Keep gives you a ring after spending a certain amount (as someone said), and his head-piece also increases item discovery. You could use the Souls you have now to buy that stuff.

[13:12] <isukfartsoutofaskunksass> cheer10 I think it is only a 1% increase with the coin.

I just thought I'd let you know that I've seen 90% of your streams since 2010, and can't wait to see 90% more, as I've quit my full time job now and work at home, so I will have time to always watch. Thanks for streaming, and glory to free dom chat.

[13:18] <griffinbox> cheer100 You should do a week of celebration videos/streams in honor of your 10th anniversary. Would love to see a best and worst moments vid!

[13:21] <mdoyle99> cheer500

[13:22] <isukfartsoutofaskunksass> cheer10 I just checked the item discovery. The ring plus jesters cap increases item discovery by 125%. What that works out to is that enemies will drop items at 1.25%. Combined with the base value, you are at 1.75% chance of getting an item to drop.

[13:22] <edwardyelper> cheer100 Hey Phil, I got my mom's credit card to finally send you some bits XD. Love your streams mister, and hope to see you continue for a long time.

[13:24] <darthradovanviking> cheer100 good phil you tell the kids that's wrong :D

[13:25] <isukfartsoutofaskunksass> cheer10 If you use rusted coins before you give stuff to the crows, there is a higher chance of getting better drops.

[13:26] <griffinbox> cheer100 Phil, have you ever stolen anything in your lifetime?

[13:27] <edwardyelper> cheer100 By the way mister, I wanted to ask your permission for something. In my summer school class our teacher is looking for a twitch stream for us to watch next Friday afternoon for our end of summer school party. Would you be okay with me suggesting your stream?

[13:31] <edwardyelper> cheer100 I was serious mister, but it's okay if you don't want me to show your stream at my summer school (I meant next week, not the Friday in a few days). We are having field day on the Friday coming up. I do have a "video report" I'm supposed to do though, and it has to be something on youtube. Which of your playthroughs would make the most sense?

[14:17] <kingjezal> cheer100 In this game, you actually have to manually aim ultra-greatswords, even when locking on. That's how they designed it in this game. It has it's ups and downs.

[15:56] <chairmancaleb> cheer10 May I make a suggestion? Since Havel's is useless here, equip that new Faraam armor set you got earlier. It'll be less protective, but it'll still be good enough and your stamina recovery + rolls will be better with less equip load. Also, torches are amazing here.
[16:01] <exkeine> cheer10 phil try maxing out your brightness setting
[16:04] <sensationalmedia> cheer100 What you gonna do, when The Rock opens his can of whoop ass on you?

Hopefully this Beta will generate some hype, and Destiny 2 will deliver a more robust launch experience, but my expectations aren't exactly high seeing as the best thing that came out of Destiny 1's Beta was Peter Dinklage saying, "That wizard came from the moon!"

[12:48] <mountainhoney> cheer10 I remember you did giveaways during your hardcore gaming season. Is there a possibility of it returning? Thanks.
[12:53] <greateststorynevertold> cheer10 Don't forget double pursuers! it's a fun fight. bonfire ascetic at drangleic bonfire
[12:55] <chairmancaleb> cheer10 Yes, you were correct earlier on Darklurker. You must go to all 3 areas

(Drangleic Castle, Shaded Ruins, Black Gulch), kill all phantoms and light the fire in each of these areas. Once all is done, you can fight Darklurker in any of the three locations of your desire. Also, your effigy burns don't count for the Chasm, people can still invade you there regardless.

[13:02] <mountainhoney> cheer10 I see movie reviews ain't happening for you to do. Is that because you don't have the time for that. Keep up the good work.

[13:03] <shadysands89> cheer100 Phil you have never considered suicide have you? Not taking the piss, just gutted about Chester Bennington dying and I don't want anybody else I have followed going any where and I know things are tough for you now

[13:13] <kingjezal> cheer100 There are three chasms you have to complete. The last one you beat is the one you have to do over and over every time you die to Darklurker. That said, do NOT do the Black Gulch one last.
